Color Sorting Review

Five bins, fifteen sorting cards… plus one sneaky trick card!

✂️ Grown-up: cut out all 16 cards — 15 to sort, plus 1 trick card. 🖍️ Little one: sort each card into its color bin — but one card is a TRICK that doesn't fit anywhere!

⚠️ One card is a 🌈 rainbow — it has ALL the colors! What will you do with it?

Red	Blue	Yellow	Green	Purple

✂️ Cut these out (dashed lines)

🍎 apple	🐋 whale	🍌 banana	🐸 frog
❤️ heart	💧 droplet	☀️ sun	🌳 tree
🍒 cherries	🫐 blueberries	🧀 cheese	🥒 cucumber
🍆 eggplant	🔮 crystal ball	🟣 grape circle	🌈 rainbow — TRICK!

✂️ Grown-ups: cut along the dashed lines. Don't warn them about the rainbow — let them discover the problem and solve it!

🌟 COLOR MASTER! You sorted five whole colors! Now talk it out: the 🌈 rainbow doesn't fit anywhere — what would YOU do? Give it its own special spot, or name every color inside it!
