How to Play

Halloween Brooms & Webs

You need

The 4 printed board pages • 1 die • 1 pawn per player
(a button, a coin, or a small toy works perfectly)

Set up

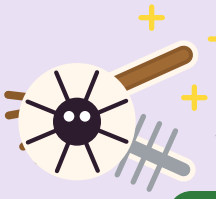

Lay the 4 pages edge to edge, like this — no cutting needed:

3	4
1	2

Rules

1. The youngest player goes first. Play moves clockwise.
2. Roll the die and move your pawn forward that many squares.
3. Land at the bottom of a broom? Fly straight up to the top!
4. Land on a spider web? Slide all the way down. Spooky!
5. Land on a magic square? Do what it says (see below).
6. First player to reach square 100 wins — no exact roll needed!

What the pictures mean

Broom — land at the bottom, fly up to the top!

Web — land on it, slide all the way down!

AGAIN — Sweet! Roll again.

+2 — Treat! Move ahead 2 squares.

+3 — Flap! Fly ahead 3 squares.

-2 — Trick! Move back 2 squares.

MISS — Boo! Miss your next turn.

Tip for toddlers

Short on time? Play with pages 1 and 2 only — squares 1 to 50!
