🔁 PATTERN POWER

What Comes Next?

Finish & create patterns!

🔁 Look at each pattern, say it out loud (up, down, up, down…), then draw what comes next in the empty boxes!

👩‍👧 Parent tip: Saying the pattern aloud (“circle, square, circle, square…”) is what makes this click. The rhythm of predicting what comes next is the same rhythm writing needs.

🔵🔴 Finish the pattern: what comes next?

〰️ Trace the wave pattern

Up-down-up-down…

🎨 Now YOU make a pattern!
