🔺 PYRAMID ACTIVITIES

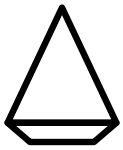

All About Pyramids!

Triangle sides, one pointy top.

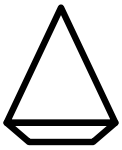

🔺 Color the pyramids! A pyramid has triangle sides that all meet at one point on top — just like the great pyramids of Egypt!

👨‍👧 Parent tip: Build a pyramid with blocks while doing this sheet — wide base, smaller layers, one block on top. Building teaches the shape better than any picture.

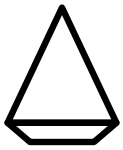

🎨 Color the pyramids!

Egypt pyramid

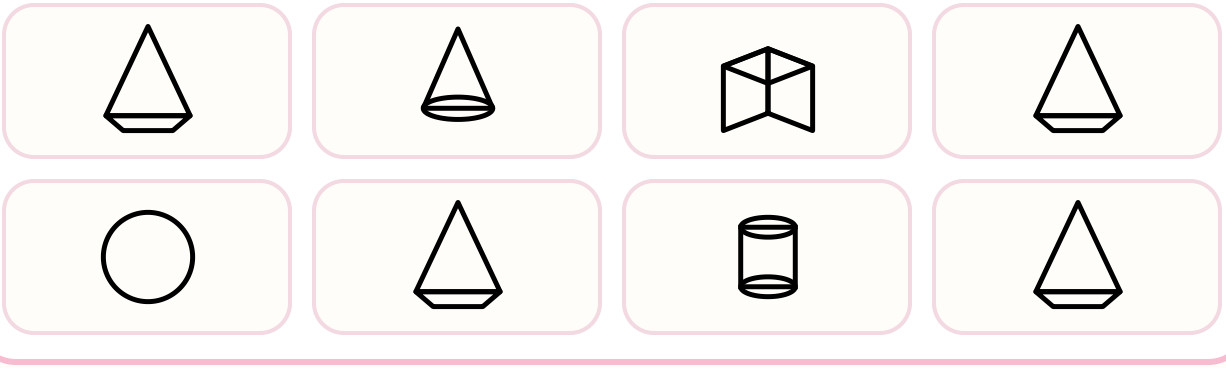

Block pyramid

Tent

🔍 Find & circle all the pyramids!
