⚽ SPHERE ACTIVITIES

All About Spheres!

The 3D ball shape.

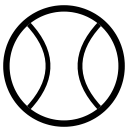

⚽ Color the spheres! A sphere is round all the way around — no flat sides, no corners. That is why balls roll so well!

👨‍👧 Parent tip: Roll a real ball while doing this sheet. Ask “why does it roll so smoothly?” — the answer (round all over, no corners) IS the definition of a sphere.

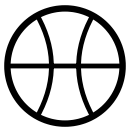

🎨 Color the spheres!

Soccer ball

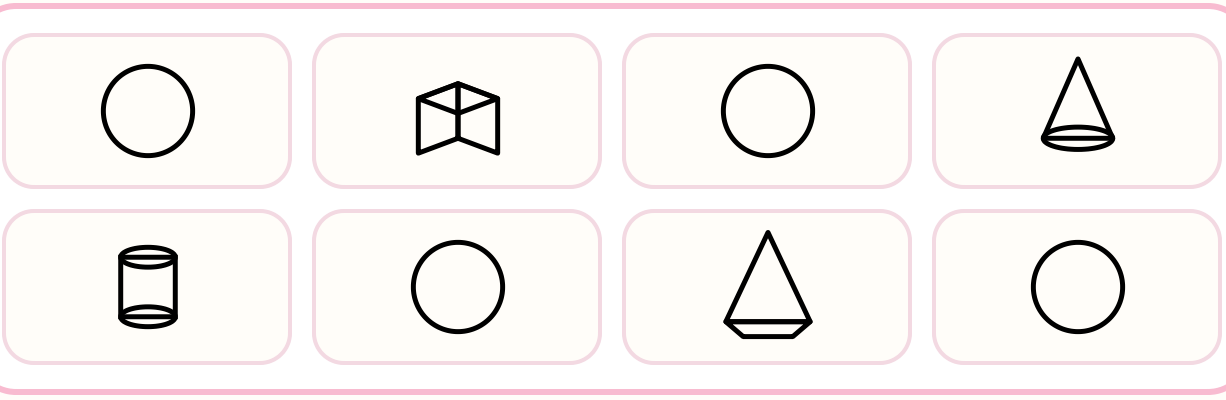

Tennis ball

Basketball

🔍 Find & circle all the spheres!
