VERTICAL LINES

Straight Down We Go!

Trace top-to-bottom lines.

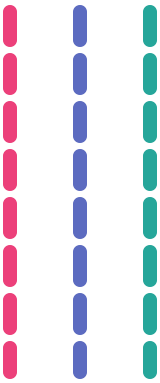

✏️ Trace each line from the ⭐ star at the TOP straight down to the bottom. Rain always falls down — so do our lines!

👨‍👧 Parent tip: Always start at the top. This top-to-bottom habit is exactly what children need for writing tall letters like l, t, b, d, and h later on.

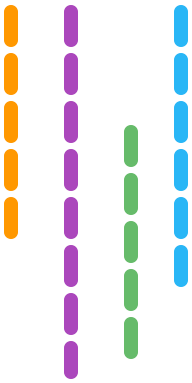

⭐ Start at the TOP, draw straight DOWN!
